

ANTRIM COUNTY SERVICE PROVIDERS

LOCAL GOVERNMENT ASSISTANCE

WELLS/SEPTIC:

Health Department of Northwest Michigan
231-533-8670

BUILDING DEPARTMENT:

Building Permit
231-533-8373

USDA/NRCS/FSA:

Monica Caster
District Conservationist
Natural Resources Conservation Service
Bellaire Service Center- Antrim and Kalkaska Counties
106 Depot Street, Bellaire, MI 49615
Phone: 1-231-533-6450 ext. 3

ANIMAL CONTROL:

Antrim County Animal Control
231-533-6421

ANTRIM CONSERVATION DISTRICT

The Conservation District Staff works to assist landowners in the wise use of their natural resources. Staff is available for presentations and support upon request. 231-533-8363, www.antrimcd.com

FORESTRY

The District has a forester on staff to help with private forest management: pest identification, management plans, planting recommendations and tree health. Mike Meriwether, 231-533-8363 ext 2 cell 231-350-3963, mikemeriwether61@gmail.com.

SOIL EROSION CONTROL

The ACD has a soil erosion control specialist on staff to help with erosion control issues and is the permitting agent for the soil erosion control program in Antrim county. Kyle Williams, 231-533-8363 ext 3, cell 231-350-3534, kyle.williams@macd.org

INVASIVE PLANTS

The ACD houses the invasive species coordinator, Lindsey Bona-Eggeman, for CAKE CISMA: Charlevoix, Antrim, Kalkaska, Emmet Cooperative Invasive Species Management Area. She can be reached at 231-533-8363 ext. 5 or at lindsey.bonaeggeman@macd.org. Through the CISMA, invasive species can be identified, an eradication strategy can be developed, and cost share may be available to assist in control/eradication.

ANTRIM COUNTY SERVICE PROVIDERS

The companies below are known to provide services in their respective field. This list is not complete nor is it a specific endorsement for any of the providers listed below. Make sure to verify credentials.

CONSULTANTS: for a fee, will assist with EGLE permit applications: wetlands, critical dunes, high risk erosion sites and inland lakes and streams. This list is a compilation of information from the Michigan Department of Environmental Quality and actual field knowledge. (Listed alphabetically by company name.) (There are engineering firms in the region who will complete applications, too.)

****shoreline stabilization***

^natural shoreline stabilization

will do EGLE (formerly DEQ) permit applications

Typically, shoreline work requires EGLE (Department of Environment Great Lakes and Energy) permit, soil erosion control permit and zoning permit. All permits should be posted before work begins. Shoreline work on the Great Lakes may also need US Army Corps permit.

TREES

The Antrim Conservation District has an in-house forester. He is charged with managing county land and county forests. He will also meet with private landowners to discuss tree diseases, pests, health and can develop a forest management plan for private property owners. His name is Mike Meriwether. His phone numbers are 231-533-8363 office and 231-350-3963 cell. His email is mikemeriwether61@gmail.com.

Forestry Consultants are self-employed foresters who provide forest management services for a fee.
